STAR ORATORS- BEST PERFORMERS

School activities are really important to enhance the quality of learning. Apart from that, activity based learning moulds a child into the man, ready to face the world even in adversarial situations. Various activities play a huge role in shaping a child's personality. They provide a platform to learn social skills, literary and oratory skills, time management, emotional ability, thinking and problem solving skills and much more. Therefore monthly activities are conducted to boost these skills. Students actively participate in these activities.
