

From The Chairperson's Desk

Dr. (Mrs.) S.D. Malik
Chairperson
Lovely Group of Schools

Education is the transmission of civilization. It is not preparation for life; it is life itself.

The school is a firm believer of transformation in education, it is a convinced fact that how we raise our children today will have a profound effect on the future of humanity. The school follows holistic, stress-free and child centric approach to teaching-learning with a focus on individual interests and needs. Our students are encouraged to think and learn independently. The modern curriculum which we have developed is progressive, and based upon the realities of contemporary pressures. The teacher-student-parent relationship ensures individual care and attention to each child. Let us all work in unison to achieve our desired goals and usher into an era of education which is forward looking and progressive.

From the Director's desk

Dr. Mahima Malik

"It is better to look back and PREPARE, then to look back and REGRET."

Last year brought some new challenges to the education system and I feel immense pride in saying that we faced all of them head-on and created a new and safe learning environment for the students. We fulfilled our mission of keeping our students on track with their studies and co-curriculum activities for their all round development. Now slowly but surely, life is coming back on track and I urge all the parents to kindly follow all the norms and guidelines shared by the school and government to keep yourself healthy and safe. I offer my sincere gratitude to all the parents and teachers who have extended extra care, support and vigilance towards the welfare of the children. A special thanks to the parents for their all time support in all our endeavors and decisions we had to make for the smooth functioning of the online schooling. Congratulations to all the Pre-Primary students for giving their best in Second Term and wishing you all a **MERRY CHRISTMAS....**

Give yourself the same care and attention that you give to others and watch yourself BLOOM" and

The curriculum at LPIS has stood up to this by conducting activities for overall personality grooming of children via virtual platform also. In order to enhance vocabulary, oratory, linguistic, logical reasoning and problem solving skills, the school organises monthly activities like Star Orator, Spell bee, Grammar Hunt and Aptitude test. The successful execution by the school and active participation of children has proved that learning can be achieved anywhere if you have the will to learn.
